Resident Spotlight

Celebrating all the residents in our communities. We sure are lucky!

Campbell: Bob Witmeyer

Bob Witmeyer owned a piano store and was passionate about music, especially playing the organ. He was an excellent organ player and truly loved sharing his love of music. At one point in his life, Bob also collected about 31 cars. His favorite desserts are vanilla ice cream and chocolate milkshakes.

Los Gatos: **Mary Salazar**

Maria was born and raised in Lima Peru. She came to the United States to Los Gatos California around 1950. She met a beautiful friend Justina in an English class who introduced her to her brother, Salvador. Maria and Salvador met and fell in love! They married in April 25, 1954. Maria became a Certified Nursing Assistant (CNA) at Our Lady of Fatima for many years. Maria loves to knit, tend her garden and watch I Love Lucy! She has a lively sense of adventure, a very deep faith in her loving God, and a funny sense of humor! Maria also likes to help out other residents at Palm Villas when they need assistance, which is probably the same skill she used for so many years helping residents at Our Lady of Fatima!

Redwood City: **Ronald Edwards**

Meet Ronald Edwards, one of our wonderful residents at Palm Villas Redwood City! Ron is a talented artist who loves painting, arts and crafts, and staying active in our community. He is also a very competitive bingo player, he always plays to win! Ron's wife, Sally, is a wonderful part of our Palm Villas community and an incredible support to our activities. She loves seeing Ron participate, stay active, and enjoy time with others. Their love and support for one another is truly special.

At PalmVillas, our commitment remains unwavering: to provide compassionate, person-centered care while fostering a community where every resident feels respected, supported, valued, and truly at home. We believe that the simple moments—a shared laugh, a familiar song, a visit from loved ones, or a special celebration—are often the ones that leave the greatest impact.
